Built-In Hobs

Performance, esthetics and functionality...

GAS SAFETY SYSTEM

Otomatic gas safety system step in and throttle when the fire in your oven was out cause of wind fluid over flow and etc. Here by, it protects you from possible danger may happen in your home.

STRONG WOK SYSTEM

You can have a better results even wide base sauoepon and pans, with the help of wok feature that has two different heat circles.

AUTO IGNITION

We are using the parts with high performance according to international safety standarts. Here with nutritive value on you foods can be protected.

DESIGN

On design process, we consider some facts like the distance between the burners for large pan and baking trays etc and safe distance between the control knobs.

SLIM DESIGN

Ventino, gives particular importance to minimalist approach the elegancy when designing products. Comparing to other, Ventino products have a slimmer apperance.

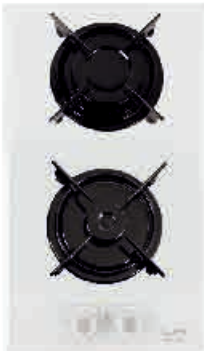

VO 31411

30 cm glass body, 8 mm thickness
Auto ignition
Enamelled pan support
NG / LPG option
Bench cutting measure (W x D) = 260 x 490 mm
Box Dimensions : 13,5 x 35 x 68,5cm

Optional Features
Flame failure device
Different colour glass
2,5 kW or 3,6 kW wok burner

Loading Capacity	20 " 1000 Pcs	40" HQ 2300 Pcs
------------------	---------------	-----------------

VO 31511

30 cm glass body, 8 mm thickness
Auto ignition
Enamelled pan support
NG / LPG option
Bench cutting measure (W x D) = 260 x 490 mm
Box Dimensions : 13,5 x 35 x 68,5cm

Optional Features
Flame failure device
Different colour glass
2,5 kW or 3,6 kW wok burner

Loading Capacity	20 " 1000 Pcs	40" HQ 2300 Pcs

VO 31415

30 cm glass body, 8 mm thickness
Auto ignition
Cast iron pan support
NG / LPG option
Bench cutting measure (W x D) = 260 x 490 mm
Box Dimensions : 13,5 x 35 x 68,5 cm

Optional Features
Flame failure device
Different colour glass
2,5 kW or 3,6 kW wok burner

Loading Capacity	20 " 1000 Pcs	40" HQ 2300 Pcs
------------------	---------------	-----------------

VO 31417

30 cm glass body, 8 mm thickness
Auto ignition
Cast iron pan support
NG / LPG option
Bench cutting measure (W x D) = 260 x 490 mm
Box Dimensions : 13,5 x 35 x 68,5 cm

Optional Features
Flame failure device
Different colour glass
2,5 kW or 3,6 kW wok burner

Loading Capacity	20 " 1000 Pcs	40" HQ 2300 Pcs
------------------	---------------	-----------------

VO 62011

60 cm enamelled surface
Auto ignition
NG / LPG option
Enamelled pan support
Bench cutting measure (W x D) = 560 x 490 mm
Box dimensions : 13,5 x 63,5 x 68,5 cm

Optional Features

Flame failure device
Mat enamelled pan support
White colour enamelled surface

Loading Capacity	20 " 540 Pcs	40" HQ 1250 Pcs
------------------	--------------	-----------------

VO 61111

60 cm enamelled surface
Auto ignition
NG / LPG option
Enamelled pan support
Bench cutting measure (W x D) = 560 x 490 mm
Box dimensions : 13,5 x 63,5 x 68,5 cm

Optional Features

Flame failure device
Mat enamelled pan support
Black colour enamelled surface
Cast iron pan support
2,5 kW wok burner

Loading Capacity	20 " 540 Pcs	40" HQ 1250 Pcs
